6/6/89

Dear Sir:

It would be refreshing if the Agency could muster the sensitivity -- to match its generous personnel policies -- to use the term "employees with problems" instead of "problem employees".

Likewise, OTE teaches how to deal with "difficult people". A more enlightened view would be "people with difficulties".

If perceptions are important -- your call, sir -- these could be important and constructive distinctions.

I know.

An "employee with problems".
